14. Explain any **three major causes** of poverty in India.
15. Describe **any three anti-poverty programmes** run by the Government of India.
16. Compare poverty in **two Indian states** of your choice (one high-poverty, one low-poverty).
17. Explain the role of economic growth in reducing poverty in India.

SECTION E – CASE STUDY QUESTIONS

Case Study 1

Read the paragraph and answer:

Rohit lives in a village in Bihar. His family owns no land. His father works as a daily wage labourer, but work is available only during the harvest season. The family eats only two meals a day, and Rohit often misses school because the family cannot afford uniform and books. They live in a small *kuccha* house without electricity.

18. Identify **any two indicators of poverty** in this case.
19. Which **social group** does Rohit's family most likely belong to?
20. Suggest **one government programme** which could help Rohit's family.

Case Study 2

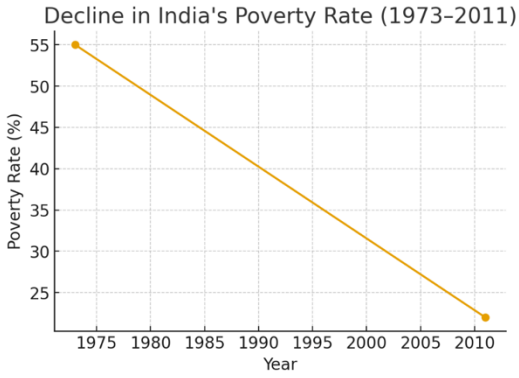

Read the paragraph and answer:

Kavita lives in a slum in Mumbai. She works as a domestic helper. Her income is irregular as her employers often change. Her daughter is weak and malnourished because the family cannot afford nutritious food.

21. What type of poverty is shown here—**urban** or **rural**?
22. Mention one reason why these families remain poor even in cities.
23. Suggest one measure that can help reduce urban poverty.

SECTION F – PICTURE / DATA-BASED QUESTIONS

24. The graph below shows the decline in India's poverty rate:

Answer the following:
a) What does the trend show?
b) Mention one factor responsible for this reduction.

SECTION G – HOTS (Higher Order Thinking Skills)

25. "Despite economic growth, poverty still exists in India." Give **two reasons** why economic growth alone is not enough.
26. Suggest **two ways students** can help create awareness about reducing poverty.
27. Why are women-headed households more vulnerable to poverty?
